

COMPILED BY GEORGE A LEGG  
ABOUT 1899.

# LEGG & SHAW CO.

# NEVADA-CITY, CAL.

VAN~S~F

# Catalog No. 4

Once more we ask you to remember we are in existence; that we want your trade; that we are growing; that we are bigger and better in every way than we were when we issued our last catalogue; that we are interested not only in having your orders, but in giving you good service. To be able to give you better service we have recently enlarged our quarters by erecting a 30x70 annex, two stories in height, with a large balcony and basement. Our main show room is now seventy feet square. The building is heated by steam, making it comfortable in winter time; lighted by electricity and equipped with an elevator for the convenience of our patrons. We have spared no pains and expense to build up and maintain in this mountain community an establishment that is modern in every respect. We honestly believe it is to the interest of the public in general to have a large stock of goods close at hand and respectfully solicit your support and patronage.

Years of experience has taught us where to buy the cheapest and where to get the best. We have the exclusive agency for the Oliver Chilled Plow, the Bridge & Beach Stoves, the Sherwin Williams Paint and several other lines which are purchased direct from the manufacturers. On these goods we have the advantage of the carload rate of freight to coast terminals. On other lines we take the advantage of everything offered us. We buy in carloads. We pay cash. Therefore, the lowest market prices and minimum freight rates are obtained.

We are at the head of the procession in the march of progress and intend to remain there. This little book is issued so that you may get some idea of what we have stored on the 17,500 square feet of floor space we now occupy.

## Prices.

Our prices will be found as low as the lowest, barring none either in Nevada City or in the larger business centers. When considering prices outside of Nevada City please do not overlook the fact that freight charges must be added. Time is also worth something. We are four days nearer Sacramento and seven days nearer San Francisco. When dealing with us you take no risk of breakage or damage in transit.

Our terms are cash unless otherwise specially provided for.

## Goods Sold at Chicago Prices.

We will ship you from Chicago anything in our line at the same price, of the same quality and on the same easy terms as advertised in the Chicago catalogues. The Eastern catalogue houses refuse to send their books to people living in a city like San Francisco. Why? Because the city merchant is up-to-date and the catalogue house cannot undersell him. Neither can they undersell any enterprising merchant in the interior. All we ask is to be given a chance to compete on an equal basis.

## Exchanges.

Should it happen through error that some article is received and is not exactly what is wanted we will gladly exchange it for you. Should an error be made by us we will gladly make the exchange without expense to you. The fact that we are doing business right at home makes it easier for you to exchange articles when necessity requires such action.

## Mail Shipments.

The customary rules governing mail shipments will be observed and all mail orders will be promptly attended to. Our system for handling this business is as near perfect as it is possible to make it.

**LEGG & SHAW CO.**

*Incorporated*

*Lower Main Street. : : : Nevada City, Cal.*

*Store closes at 6 P. M., Saturdays excepted.*

# General Hardware

#### THE CELEBRATED HUNT'S AXE.

Per pair. 20	25	30	65	75	1.00

## HOSE.

Old Way. New Way.  
BOWERS RUBBER COMPANY'S CALIFORNIA MADE HOSE.

All of this hose has a seamless tube in the center as shown in the cut marked new, which makes it far superior to the old lap tube hose. We sell this hose because it is a home made product, and because the best of material is used, which gives California an output of rubber goods equal to any turned out by Eastern factories.

Below is a brief description and price of the leading brands.

## LIVE OAK HOSE.

Live Oak brand is our highest grade of hose, and the best that can be made from Para rubber and cotton duck. It is guaranteed to give entire satisfaction in the hardest places, and any lengths that fail, under fair treatment, will be replaced free of charge on return of defective pieces.

Size.	1/4 inch.	1 inch.
3-ply. Per foot	\$ .20	\$ .28
4-ply. Per foot	.26	.30

## SUNSET HOSE.

This hose is made from a superior quality of duck, with good rubber and very best workmanship. It is the best medium-priced hose in the market, and every foot is fully warranted.

Size.	1/2 in.	3/4 in.	1 in.	1 1/4 in.	1 1/2 in.	2 in.
3-ply. Per foot	\$.10	\$.12	\$.16	\$.20	\$.24	\$.32
4-ply. Per foot	....	....	....	.25	.28	.35

## BAY CITY HOSE.

Bay City brand is made from a good grade of rubber, and the same quality of cotton duck that we use in higher priced hose; but it is lighter weight, and recommended only where the pressure is light.  
Size. 1/4 inch. 1 inch.  
3-ply. Per foot ..... \$ .10 \$ .13  
3/4 inch Cotton Hose. Per foot. .07

## BRASS HOSE SPRINKLER.

Can be attached on end of an ordinary hose pipe.

2 inch diameter	.....	.25c
2 1/2 inch diameter	.....	.35c
3 inch diameter	.....	.35c

### BLAKE LAWN SPRINKLER.

The most effective lawn sprinkler made. Is arranged so the spoon revolves no matter at what angle it is held. Price ..... 35c

### WILGUS LAWN SPRINKLER.

Made of heavy metal and almost indestructible. Easy to move without shutting off water supply. Each ..... 50c

### COOPER BRASS HOSE MENDERS.

Made of brass tubing. Will not rust or wear out. Always ready for use. No wire or clamps required. For  $\frac{3}{4}$  and 1 inch hose. Each...10c

### FINISHED BRASS HOSE BAND.

For fastening couplings on hose.

$\frac{1}{2}$ inch. Each	6c
$\frac{3}{4}$ inch. Each	6c
1 inch. Each	10c
$1\frac{1}{4}$ inch. Each	16c
$1\frac{1}{2}$ inch. Each	20c
2 inch. Each	25c

### HOSE NIPPLE, CAST BRASS.

Screwed for pipe coupling on one end and hose coupling on the other. Iron pipe and brass hose couplings do not have the same thread. This fitting serves to make such connections.

$\frac{3}{4}$ inch. Each	26c
1 inch. Each	30c
$1\frac{1}{4}$ inch. Each	50c
$1\frac{1}{2}$ inch. Each	60c
2 inch. Each	75c

### HOSE REDUCER, CAST BRASS.

Made to connect hose of different sizes.

1 to $\frac{3}{4}$ . Each	.25
$1\frac{1}{4}$ to 1 or $\frac{3}{4}$ . Each	.60
$1\frac{1}{2}$ to $1\frac{1}{4}$ or $1\frac{1}{2}$ . Each	.60
2 to $1\frac{1}{4}$ or $1\frac{1}{2}$ . Each	1.00

### HOSE BUSHINGS.

Used same as reducers.

1 to $\frac{3}{4}$ . Each	.30
$1\frac{1}{4}$ to 1 or $\frac{3}{4}$ inch. Each	.60
$1\frac{1}{2}$ to $1\frac{1}{4}$ or 1. Each	.60
2 to $1\frac{1}{4}$ or $1\frac{1}{2}$ . Each	1.00

10 Diamond tines, 5-foot handle. Each ..... \$1.75

## SPADING FORKS.

4 heavy angular tines. Each...\$1.00

## MANURE FORKS.

Long handle, 4 or 5 tine. Each...\$1.00  
Short handle, 5 tine. Each..... 1.00

Steel 12 and 14 tine Garden Rakes.  
Each ..... 50c  
Heavy 14 tine Garden Rake. Each...75c  
Heavy Road Rake, strong and adapted for stable use. Each ..... \$1.00

No. 5. Solid cast steel Grape Hoe, 6 inch prongs. Each ..... \$1.00

No. 10. Vineyard Hoe, without handle, 8 inch prongs. Each.....75c

No. 10. Large Garden Sets. Varnished hardwood handles. Consists of 8 tooth solid shank steel rake, 4 foot handle. Heavy steel spade, 27 inch malleable handle, 5 inch polished blade. Solid shank hoe, 4 foot handle. Per set ..... \$1.00

Good quality Garden Trowel.....10c  
Extra quality forged steel, never break. Garden Trowel ..... 25c

ADZE EYE HAMMER HANDLE.

Best hickory. Each ..... 10c

## HATCHET HANDLE.

Best hickory. Shingling or claw hatchet handle. Each ..... 10c

Broad Hatchet Handle. Each.....10c

Machinist Hammer Handle. Each.10c

Straight single hand drill Hammer handles. Each 10c. Dozen....\$1.00

**IVES PATENT AUGER HANDLE.**  
In sets of two, 15 and 17 inches long.  
Adjustable applewood ends, brass fastenings. Per set .....\$2.00

Firmer Chisel Handle. Each.....10c

Leather Head Framing Chisel Handle. Each .....10c

File Handle. Each .....5c

9 inch Pruning Shear, steel blades, with improved volute steel spring. Each .....50c  
Extra quality Pruning Shears. 1.00  
Guaranteed Pruning Shears. Each \$2.00

STEEL WEEDING FORKS. Each .....15c

HEOGE SHEARS.  
Extra cast steel blades, hickory handle. 10 inch blade. Each.....\$2.50

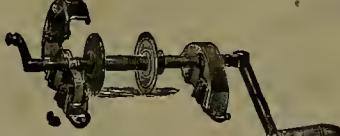

GRASS SHEARS.  
Bent blade. Each .....40c  
Grass Shears, Trowel shank, 6 inch blade. Each .....50c

Scythe Snaths, with patent loop adjustable swing socket, iron nibs. Each..75c

SCYTHES. Golden Clipper Scythe, gold bronzed. Each .....75c

**GRINDSTONE FIXTURES.**  
Made of japanned iron, with incased rollers.  
17 inch shaft. Per set.....\$ .75

**BUSH HOOK.**  
Brush or Bush hooks. Cast steel blade, with 36 inch axe handle. Each..\$1.25

**LAWN MOWERS.**  
Drexel 12 in cut. Each .....\$4.00  
Drexel 14 in cut. Each .....4.50  
Dewey 14 in cut. Each .....5.00  
Dewey 16 in cut. Each .....5.50

**GENUINE PHILADELPHIA.**

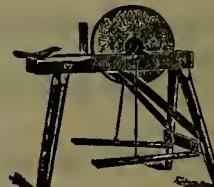

12 inch cut. Each .....\$6.00  
14 inch cut. Each .....7.00  
Above prices do not include grass catchers. Eureka Grass Catchers, made of heavy canvas. Fits any lawn mower. Each .....\$1.00  
19 inch shaft. Per set .....1.00

GRASS HOOKS.  
Grass Hook or Sickle, made of finest cutlass steel. Each .....40c

BUSH SCYTHE.  
Bush Scythes, 18 to 20 inches long. Each .....75c

**MOUNTED GRINOSTONES.**  
The Auto Ball Bearing Grindstone, made of seasoned hardwood, mounted with genuine Huron stones, well braced, with seat.  
No. 3 stone, 40 to 50 lbs. Each..\$6.00  
No. 2 stone, 70 to 80 lbs. Each.. 7.00

**UNMOUNTED GRINOSTONES.**  
Grindstones, unmounted, 40 to 200 lbs. Per pound .....4c

**SCYTHE STONE.**  
Pikes genuine Indian Pond scythe stone. Each .....10c

**OIL STONE.**  
Deerlick Oil Stones. Each.....\$.50  
Washita Oil Stones. Each.....75  
Pikes Lily White Oil Stones. Each. 1.00

**SANO STONE.**  
Sand Stones for kitchen or shoemakers' use. Each .....25c

Each.	25c		

**CARPENTER'S APRON.**

Short size made of white duck, solid neck strap, one rule and two nail pockets. Each ..... 25c

Long size, same, with leg straps and solid neck straps. Each ..... 50c

**OLIVER PLOWS.**

It is a recognized fact the Oliver leads the world in plows. Perfection of work, ease of handling, lightness of draft and an unequalled durability are characteristic of the Oliver Plow.

**"A" PLOW, FULL CHILLED, SLOPING LANDSIDE.**

The "A" Plow is pony in size, with good turn to mouldboard, and will work a furrow 4x8 inches. Although light in weight the shape of share and mould is such that it runs steady and with very light draft.

Price ..... \$5.50

**"B" PLOW, FULL CHILLED, SLOPING LANDSIDE.**

The "B" Plow is a light one-horse plow, and the same in general shape and style as the "A," but larger. It will turn a furrow 5x9 inches, and is a prime favorite.

Price ..... \$7.00

A gauge wheel can be used if desired.

**NO. 10, FULL CHILLED, SLOPING LANDSIDE.**

The No. 10 is considered a one-horse plow, but in many sections two horses are used. It has all the features of our larger plows, and is a general favorite where plows of that size are used. It gives perfect satisfaction in any soil, and will turn a furrow 5 1/4x10 inches. It is largely used in our orchards and vineyards.

Price ..... \$8.50

A wheel can be attached to the No. 10 when needed.

**NO. 13, FULL CHILLED, SLOPING LANDSIDE.**

The No. 13 is a light two-horse plow, smaller than No. 19 and larger than the No. 10. It is one of our standard patterns, and to those who are familiar with the Oliver plows it needs no further recommendation than to say it is similar in all respects to the Nos. 12, 20 and 40, but smaller. Where light teams are used the No. 13 is in constant demand, and its popularity has been fully earned. It turns a furrow 6x11 inches.

Price ..... \$9.50

Wheels, Jointers and Coulters can be furnished for the No. 13.

**NO. 19. FULL CHILLED, SLOPING LANDSIDE.**

The No. 19 is a light two-horse plow, belonging to our regular chilled plow series, of which it is a valued number. It is built on the same lines as No. 20 and 40, and has all their excellent features. Turns a furrow 6 1/4x12 inches and is beyond question the most popular chilled hand plow in use on the Pacific coast. A Wheel, Jointer, Rolling Coulier or Hanging Coulter can be used on the No. 19.

Price ..... \$10.50

20

**NO. 20. FULL CHILLED SLOPING LANDSIDE.**

The No. 20 is a medium two-horse plow, with all our improvements, and for a light two-horse plow is probably adapted to a greater variety of soils than any plow made. It will turn a furrow 7x13 inches and there is an immense demand for it. It occupies as a light two-horse plow, the position the No. 40 does as a heavy plow, and is equally reliable in its work in all respects.

Price ..... \$11.00

Wheels, Jointers, Rolling Coulters and Hanging Coulters are extra, and are all readily attached to the No. 20.

**NO. 40. FULL CHILLED, SLOPING LANDSIDE.**

The No. 40 is a two or three-horse plow first-class in all respects, and immensely popular, its sales exceeding those of any other plow now in use. Always reliable; its great capacity, steady running and turning qualities, make it valuable in sandy or alluvial lands, and on farms containing a variety of soils. On hilly land it is unrivaled, and for general purpose plow has no equal. It will turn a furrow 9x15 inches.

Price ..... \$11.50

Wheels, Jointers, Rolling and Hanging Coulters can be used on the No. 40.

**THE NOS. 52 AND 53 HILLSIDE.**  
(Steel Mouldboards, Chilled or Steel Shares).

These plows have been on the market for some years, and have earned an excellent reputation. They combine many valuable and novel qualities and their reversible features are simple and perfect in their workings. In addition to their excellent qualities as Hillside Plows, they also work admirably in level ground and having been thoroughly tried in all respects, we do not hesitate to recommend them highly.

No. 52 has Steel Mouldboards and either Chilled or Steel Shares as preferred. Light two-horse plow. Cuts 9 inches.  
Price, with chilled shares.....\$12.00

No. 53 has Steel Mouldboards and either Chilled or Steel Shares. Cuts 10 inches. Can be used with two or three horses.  
Price, with Chilled Shares.....\$14.00

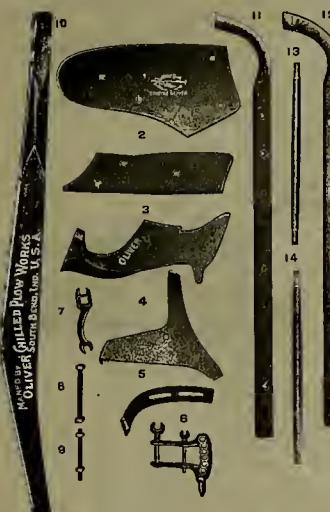

#### THE NO. 403 STEEL PLOW.

The No. 403. Cuts 10 inches. For ease of adjustment, appearance and quality of work this steel plow has no superior. The best quality of steel is used, and mouldboard and share are extra hardened. Shares are furnished either chilled or steel as preferred.

Price ..... \$15.00

We also furnish Wheels, Steel Cutter Slips, Jointers, and Coulters for the No. 403 when ordered.

#### WOOD BEAM CHILLED PLOW PARTS.

The above cut illustrates the parts of our regular series of Oliver Chilled Plows from the No. 10 to the No. 40, and will answer generally for the Chilled Plow series.

The numbers are explained as follows:

- 1—Chilled Mouldboard.
- 2—Chilled Landside.
- 3—Standard.
- 4—Share.
- 5—Handle Brace.
- 6—"B" Clevis.
- 7—Two-Horse Wrench.
- 8—Standard-to-Beam Bolt.
- 9—Handle Spreading Bolt.
- 10—Wood Beam.
- 11—Landside Handle.
- 12—Mouldboard Handle.
- 13—Lower Handle Round.
- 14—Upper Handle Round.

In ordering extra parts, use these terms and say for what "No." of plow they are wanted, thus avoiding mistake.

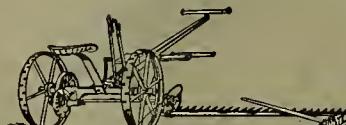

The above cut illustrates parts for our Hillside Plows.

- 1—Standard.
- 2—Share.
- 3—Mouldboard.
- 4—No. 52-D Mouldboard Foot.
- 5—Landside.
- 6—Mouldboard Brace.
- 7—Dog Socket.
- 8—Mouldboard Hook.
- 9—Spiral Spring.
- 10—Mouldboard Rod.
- 11—Beam.
- 12—No. 53-I Handle Lug.
- 13—No. 53-K Beam Plate.
- 14—No. 53-J Beam Plate.
- 15—No. 53-H Lever.
- 16—Left Handle.
- 17—Right Handle.
- 18—No. 53-L Handle Brace.
- 19—Wheel Standard.
- 20—Wheel, only.
- 21—Wheel Hub.
- 22—Wheel Block.
- 23—Clevis.
- 25—Wrench.

#### WOOD BAR HARROW.

Bars of ash or oak 2 1/4 inches square. 7/16 square steel teeth. Corners of bars rounded, and are flexible and strong. 36 teeth. Each ..... \$10.50

#### THE DEERING "IDEAL" MOWER.

(Ball and Roller Bearings).

The Ideal Mower has worked a complete revolution in the mower trade, as sales in the past eight years show.

Since machines for cutting grass were first invented, nothing has been produced which has given such widespread satisfaction as the Deering Ball and Roller Bearing Ideal Mower.

The verdict of every one of the tens of thousands of farmers and ranchmen who have used this mower, is that it embodies to a degree hitherto unapproached, all the requisites of the perfect grass-cutting machine. Among the features that have been most strongly commended are:

1. Unusually light draft and noiseless action, due to bicycle bearings, and the direct and positive action of gears, crank-shaft and pitman.

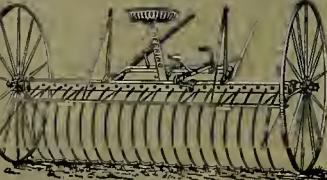

2. Unusual strength and durability, due to excellence of material and workmanship, simplicity of parts and provisions for preventing wear.

3. Serrated Ledger Plates, which enable the ideal to cut grasses that completely baffle all other mowers.

4. Horizontal crank-shaft and pitman and vertical crank wheel, causing the incomparable pitman to move back and forth like the piston of a locomotive.

5. Adjustable Drag-bar, that keeps the cutter-bar in line, the knives in register, and at the same time protects the pitman.

4 1/2 and 5 foot mowers carried in stock.

#### DEERING STEEL HAY RAKES.

These rakes are built with angle steel head, to which the teeth are fastened under the angle, leaving the rake head perfectly smooth on top, each tooth is held by its own bolt. The teeth are flattened at the point in the shape of a runner, thereby taking up the hay clean without stirring up the dirt. The wheels are constructed of steel so welded and riveted together as to possess great strength and rigidity and have Staggart spokes and Channel tire. The rakes are made with combination pole and shafts, so that either one or two horses can be used.

No. 30, 8 1/2 foot.

No. 31, 10 1/2 foot.

Prices on application.

Price. .... .75c

## STOVES AND RANGES.

The quality and durability of Bridge & Beach Manufacturing Co.'s goods and the names, Superior and Mohawk, need little comment. After sixty-eight years' successful business this well known company is still in the lead. We, as Nevada City agents, take great pleasure in placing these goods before the public. Note a few good points. First of all, the firebacks are guaranteed to last from ten to fifteen years in wood stoves and five years in coal stoves. A water coil for circulating boiler can be easily attached. Best materials used. Best workmanship. Nicely finished. They possess the latest improvements for insuring perfect operation, convenience and durability.

**SUPERIOR STEEL RANGE.**

With High Closet.

No. 367-16. Six 7 inch holes. Oven, 16x20. Weight, 510 pounds. This is the highest grade range we can furnish, and the name, Superior, tells this story.

Price ..... \$45.00

**MOHAWK STEEL RANGE.**

With High Shelf.

No. 76-16. Six 7 inch holes. Oven, 16x20. Weight, 360 pounds. Price ..... \$37.50  
Same. With high closet, as shown in the picture of Superior Range. Weight, 380 pounds. Price ..... \$41.00  
Same. With reservoir, as shown under No. 68-20 below. Weight, 380 pounds. Price ..... \$45.00

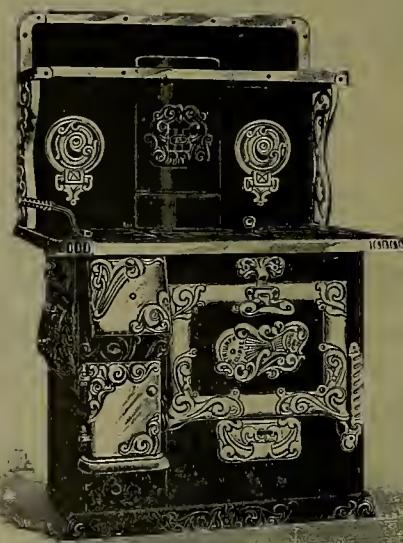

**MOHAWK STEEL RANGE.**

With High Closet and Hot Water Reservoir.

No. 86-18. Six 8 inch holes. Oven, 20x20. Weight, 480 pounds. Price ..... \$55.00

Compare the weights of our stoves when you compare prices.

**TRIUMPH ECLIPSE STEEL RANGES.**

No. 761G. Here is a first-class article, not made by Bridge & Beach Co. Six 7 inch holes. Oven, 16x18. Weight, 300 pounds. Price ..... \$35.00

**SUPERIOR STEEL COOK STOVE.**

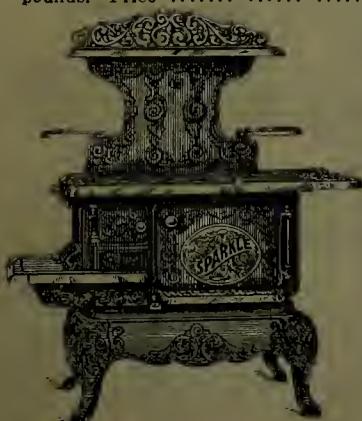

Here we show an improvement in the line of 4 hole cook stoves. This is an exact reproduction of the steel range. It embodies all the good points of the cook stove, together with those of a steel range. Guaranteed to give entire satisfaction.

No. 7-18. Four 7 inch holes. 18x20 oven. Weight, 320 pounds. Price .....

**HOME MOHAWK WOOD RANGE.**

This is a trifle lighter and a trifle plainer than the Banner Superior, otherwise it has all the good points of the higher priced range. Fire backs guaranteed to last 10 years.

No. 67-19. Six 7 inch holes. Oven, 19x19. Weight, 320 pounds. Price .....

**SPARKLE.**

Not made by Bridge & Beach. A first-class stove at a moderate price. Nicely finished and well made. No 7. Six 7 inch holes, oven 16x16. Weight 350 pounds.

Price ... \$32.50

**BANNER SUPERIOR WOOD RANGE.**

This range is a strictly high class article. Not too much nickel work is added, but just enough to suit the most critical housekeeper.

No. 167-18. Six 7 inch holes. 18x18 oven. Weight, 360 pounds. Price .....

\$32.50

**CHARM.**

This is an excellent low priced range and can be used for wood or coal. Is made especially for the Pacific coast trade and hundreds are in use.

No. 7-18. Six 7 inch holes. Oven, 18x18. Weight, 255 pounds. Price .....

\$26.50

**HOME MOHAWK WOOD RANGE.**

With Reservoir.

For description see next page.

This shows the Home Mohawk, with hot water reservoir attachment. Same as the one shown without reservoir, only the body and holes are larger.

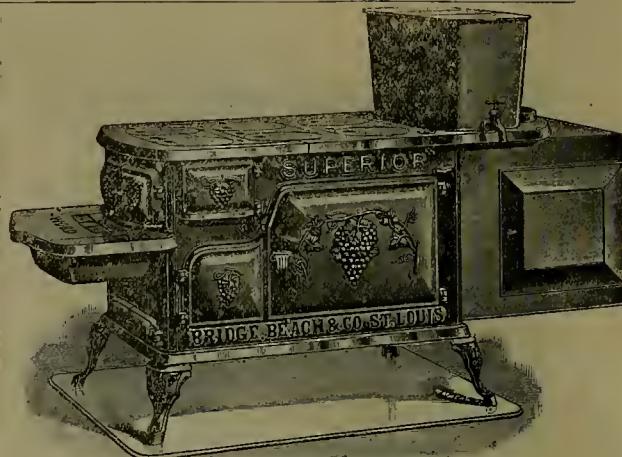

No. 68-19. Six 8 inch holes. Weight, 400 pounds.  
Price ..... \$38.50

#### SUPERIOR HOTEL COOK STOVE.

This is a six-hole stove, made for boarding houses, camps, etc., where a large oven is required. Simple in design. Made for practical use. Satisfaction guaranteed.

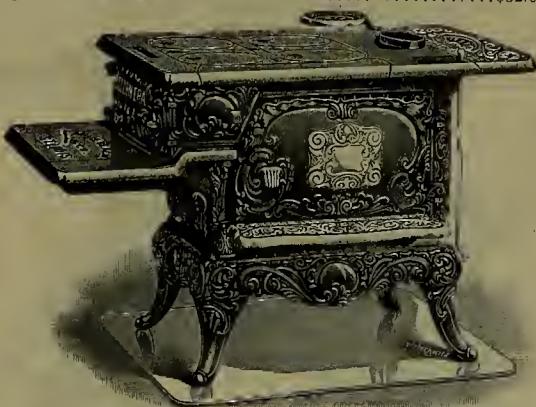

No. 90. Six 9 inch holes. Oven, 28x25x14. Weight, 410 pounds. Price ..... \$52.00

#### SUPERIOR HOTEL COOK STOVE.

With extension top, tin closet and large enameled removable hot water boiler, with faucet. Has eight 9 inch holes.

No. 90. Extension Oven. 28x25x14. Weight, 565 pounds. Price ..... \$75.00

#### GOLDEN ERA.

This is one of the new medium priced cook stoves. Well made and finished throughout.

No. 7-17. Four 7 inch holes. Oven, 17x17. Weight, 240 pounds. Price ..... \$22.00  
No. 8-19. Four 8 inch holes. Oven, 19x19. Weight, 275 pounds. Price ..... \$25.00

#### FORTUNE.

This cook stove is as well made as any of Bridge & Beach line, but is not furnished with nickel trimmings, thus enabling us to make a special offer to those not looking for outside ornament.

No. 7-17A. Four 7 inch holes. Oven, 17x17. Weight, 185 pounds. Price ..... \$15.00  
No. 7-19A. Four 7 inch holes. Oven, 19x19. Weight, 215 pounds. Price ..... \$17.00

#### ALAMO.

A plain, durable cook stove.

No. 70. Four 7 inch holes. Oven, 15x15. Weight, 140 pounds. Price ..... \$12.00

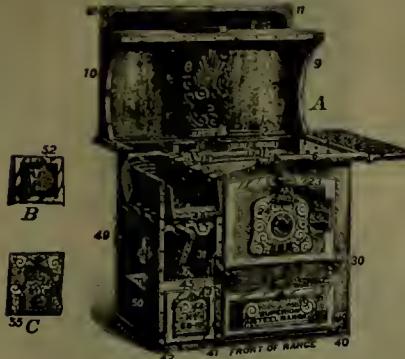

This is a cheap cook stove. Good finish and material.

No. 77. Four 7 inch holes. Oven, 15x15. Weight, 125 pounds. Price ..... \$10.00

You can get repairs for Bridge & Beach stoves at any future time. This is a fact worth considering. If you are unable to replace worn or broken part your stove is worthless.

WE ASK YOU TO REMEMBER THAT THIS BOOK DOES NOT DESCRIBE OUR ENTIRE LINE, SO DO NOT HESITATE TO WRITE US IF YOU NEED ANYTHING IN OUR LINE NOT FOUND ON THESE PAGES.

**PROGRESS IS OUR MOTTO.**

WE DO NOT INTEND TO TAKE SECOND PLACE IN THE RACE, BUT MEAN TO MAINTAIN OUR PLACE AT THE FRONT.

OUR MANAGEMENT BELIEVES IN A LIBERAL POLICY AND OUR AIM IS TO CONDUCT BUSINESS ON MODERN LINES. GOOD QUALITY AND LOW PRICES MAKE SATISFIED CUSTOMERS. COURTEOUS TREATMENT, TRUTHFUL ADVERTISING AND PROMPT DELIVERIES ARE RESPONSIBLE FOR WHAT WE ARE TODAY.

IF YOU ARE OUR CUSTOMER YOU KNOW WHAT WE CAN DO. IF YOU ARE NOT LET US DEMONSTRATE WHAT WE CAN DO.

# Furniture Department.

This department occupies the first floor, second floor and large balcony of our new modern building, recently erected. The building is 30x70 feet, giving us a light airy and up-to-date show room. This, with our ample outside storage facilities, places us in a position to sell furniture as low as any firm on the coast. To be sure, the city people are larger buyers and carry larger stocks. When you take into consideration the fact that our cost of doing business is far less than that of our city neighbors you can readily see it places us on an equal footing with the largest firm in the State. We get the benefit of car freight to the coast by combining our purchases with others. Our rent, heat, light and salary accounts are reduced to a minimum and we are in a position to handle any order in a prompt and satisfactory manner.

## TAPESTRY CARPETS. MEDIUM GRADE.

Our medium grade tapestry carpet does not mean the cheapest, as we will not carry the cheapest grade in stock. This medium grade will give good service.

Price the yard, sewed.....80c

### SUPERIOR GRADE.

**VESTIBULE ROD RINGS.**

To fit 1/4 inch and 3-8 inch rods. Dozen ..... 15c

# WALL PAPER.

We are the largest dealers in wall paper north of Sacramento, buying direct from the Eastern factories, thereby getting the lowest prices and latest patterns. In comparing our prices with others see that it is for double rolls of 16 yards length. The usual custom is to quote prices on single rolls, but wall paper is put up in double rolls or bolts.

## SAMPLES.

We send samples of wall paper free upon request. It is always advisable to send in your orders at the earliest possible moment after receiving samples, as the patterns of wall paper change so often that it is impossible for us to keep in stock very long any one pattern. If possible make first and second choice. Cheap papers can be satisfactorily ordered without seeing samples. Should you wish us to send you wall paper at any time, without first selecting same, please state price, what room it is for and whether light, dark or medium shades are desired.

## RULES FOR MEASURING A ROOM.

Measure every side of the room and add the number of feet; multiply the sum obtained by height in feet. To allow for doors and windows multiply the height of each by the width; add all and deduct from amount. Then divide by 72. The result is the number of double rolls required for side walls. Sufficient allowance should be made for matching and waste.

**EXAMPLE**—Room 15 feet long, 12 feet wide, 9 feet high. One window, 6x1 feet; one door, 7 $\frac{1}{4}$ x4 feet.

15-1-15-1-12-1-12 equals 54x9 equals 486
Window, 6x4 equals 24

6 rolls

Number of rolls required for ceiling is ascertained in the same manner, dividing the number of square feet by 72, which will give the number of rolls required.

A double roll of wall paper, when trimmed, contains 72 square feet.

Wall paper weighs about 1 3-4 pounds the double roll.

We do not trim wall paper because the edges are exposed to rough usage during transit, and the pattern thus destroyed prevents perfect matching.

## PRICES.

Good quality wall paper. Price, the double roll ..... 15c  
9 inch border. Per yard ..... 2c

## **STEEL RANGE, \$30.00.**

This is a picture of the Almo Steel Range, one of Bridge & Beach Co.'s latest productions. It embodies all of the good points of their high class ranges at a moderate price. The range is actually worth \$32.50, but we are making this a special offer.
